LONGITUDINAL RESEARCH PROJECT
O’MALLEY AWARDEES

The Bert and Sally O’Malley Awards for Outstanding Medical Student Research

Bert and Sally O’Malley awards are given for outstanding Longitudinal Research Projects in each of the following categories:

A basic science project carried out by a student during the traditional 4 years of medical school;

A basic science project carried out by a student who has taken a year off for research and completed medical school in 5 years;

A clinical science project carried out by a student during the traditional 4 years of medical school;

A clinical science project carried out by a student who has taken a year off for research and completed medical school in 5 years.

4 Year Basic Science Research winner:

Mr. Chandler Hudson
Mentor: Don DeFranco, PhD
Project: Cyclooxygenase-1 Expression is Elevated Within Human Benign Prostatic Nodules and May Result from Inhibition of Complex I of the Mitochondrial Electron Transport Chain

5 Year Basic Science Research winner:

Mr. Vivek Sudhakar
Mentor: Lluis Samaranch, PhD
Project: "Infuse as you go" Convective Delivery to Enhance Coverage of Elongated Brain Targets

4 Year Clinical Science Research winner:

Mr. Gideon Nkrumah
Mentor: John Fowler, MD
Project: Ultrasonography Findings in Severe Carpal Tunnel Syndrome

5 Year Clinical Science Research winner:

Mr. Stephen Canton (CSTP)
Mentors: William Anderst, PhD; MaCalus Hogan, MD, MBS
Project: Syndesmosis Repair Affects In Vivo Distal Interosseous Tibiofibular Ligament Elongation Under Static Loads and During Dynamic Activities

2021 LONGITUDINAL RESEARCH PROJECT
FACULTY MENTOR AWARDS

Mentor awards are based on nominations from graduating students.

Philip Troen, MD, Excellence in Medical Student Research Mentoring Award

Dr. Philip Troen, a distinguished physician and highly regarded Scholarly Research Program Dean retired from the University of Pittsburgh at the end of November 2014. Dr. Troen was a co-founding director and first appointed Assistant Dean for the Longitudinal Research Project course from its commencement inception in 2004.

As a tribute to his years of outstanding mentoring service to the medical school community, we have created the Philip Troen, MD Excellence in Medical Student Research Mentoring award. This award is presented each year to the LRP mentor who demonstrated exemplary care and commitment in all aspects of LRP student mentoring. This award recognizes the hard work contributed by the mentors to the Longitudinal Research Project, as well as the relationships that develop between mentor and student over the course of Longitudinal Research Project course from each graduating class.

This year’s award winner is:

Elias Aizenman, PhD; Professor, Department of Neurobiology

Medical Student Research Mentoring Merit Award

This award is presented to a Longitudinal Research Project (LRP) mentor of a graduating Pitt Med student in recognition for outstanding mentoring over the course of the LRP.

This year’s award winners are:

Timothy Billiar, MD; George Vance Foster Professor & Chair, Department of Surgery

Craig Byersdorfer, MD, PhD; Associate Professor, Department of Pediatrics

Don DeFranco, PhD; Professor and Vice Chair, Medical Education; Department of Pharmacology

Erick Forno, MD, MPH; Assistant Professor, Department of Pediatrics

Barbara Gaines, MD; Professor, Department of Surgery

Alisse Hauspurg-Janicki, MD; Assistant Professor, Department of Obstetrics and Gynecology
Alaina James, MD, PhD; Assistant Professor, Department of Dermatology

Ruchira Jha, MD, MSc; Assistant Professor, Department of Neurology

Manisha Jhamb, MD, MPH; Associate Professor, Department of Medicine

Ingrid Libman, MD, PhD; Associate Professor, Department of Pediatrics

Mylynda Massart, MD, PhD; Assistant Professor, Department of Family Medicine

Carla Mazefsky, PhD; Assistant Professor, Department of Psychiatry

Vu Nguyen, MD; Associate Professor, Department of Plastic Surgery

Shari Rogal, MD, MPH; Assistant Professor, Department of Medicine

Neel Shah, MD; Assistant Professor, Department of Medicine

Sarah Stahl, PhD; Assistant Professor, Department of Psychiatry

Shyam Visweswaran, MD, PhD; Associate Professor, Department of Biomedical Informatics
STUDENT ACCOMPLISHMENTS

The following lists of publications, manuscripts in submission, and national, state and local awards were compiled from the Longitudinal Research Project Final Reports submitted in March 2021.

120 students participated in the Longitudinal Research Project course.

Number of publications = 255

Number of manuscripts submitted = 76

Number of national or state awards = 67

Number of local awards = 163

Number of presentations = 320

In addition:

- 114 students participated in research during the summer between their 1st and 2nd years of medical school (2018). These students received competitive funds from the Dean of the School of Medicine, Children’s Hospital, the Departments of Medicine, Pathology and Psychiatry and NIH T35 and T32 grants to individual UPSOM research groups.
